[Company Name]  
[Company Address]

Dear [Hiring Manager Name],

I am writing to express my interest in the [Job Title] position at [Company Name]. I was referred to this opportunity by [Referral Name], who currently works as a [Referral's Job Title] at your company and suggested my background in blockchain development would be a strong fit for your engineering team.

With [Number] years of experience building decentralized applications and smart contracts, I have developed a deep expertise in [Primary Language, e.g., Solidity/Rust/Go]. At my previous role at [Previous Company], I led the development of [Specific Project or Protocol], which achieved [Specific Metric, e.g., \$X Total Value Locked or X daily active users]. I am particularly impressed by [Company Name]'s recent work on [Specific Company Project or Technical Implementation].

My technical core competencies include:

- Architecting secure smart contracts and conducting gas optimization.
- Implementing [DeFi/NFT/Layer 2] solutions and cross-chain interoperability.
- Integrating Web3 front-ends with [Ethers.js/Web3.js] and managing node infrastructure.
- Deep understanding of consensus mechanisms and cryptographic primitives.

I am eager to bring my technical skills and passion for decentralized systems to [Company Name]. Thank you for your time and for considering my application through [Referral Name]'s recommendation. I look forward to the possibility of discussing how I can contribute to your upcoming roadmap.

Best regards,

[Your Name]
