Re: Application for Junior Full Stack Developer Role (Referral from [Employee Name])

Dear [Hiring Manager Name],

I am writing to express my interest in the Junior Full Stack Developer position at [Company Name]. I was encouraged to apply for this role by [Employee Name], who has shared insights into the company's innovative culture and technical excellence.

As a recent graduate/developer with a strong foundation in [Primary Tech Stack, e.g., React, Node.js, and PostgreSQL], I have built several full-stack applications that focus on clean code and user-centric design. My experience includes [mention a specific project or achievement, e.g., developing a RESTful API or implementing responsive front-end components]. I am particularly drawn to [Company Name] because of its commitment to [mention a specific company value or product].

My technical toolkit includes:

- **Frontend:** [e.g., HTML5, CSS3, JavaScript, React]
- **Backend:** [e.g., Node.js, Express, Python, Ruby on Rails]
- **Database & Tools:** [e.g., MongoDB, Git, Docker, AWS]

I am eager to bring my problem-solving skills and passion for continuous learning to your engineering team. Thank you for your time and consideration. I look forward to the possibility of discussing how my skills align with the needs of [Company Name].

Sincerely,

[Your Name]
