Dear [Hiring Manager Name],

I am writing to express my interest in the **Growth Hacking Specialist** position at [Company Name]. I was recently speaking with [Referral Name], [Referral Title] at your company, who suggested that my background in data-driven experimentation and rapid scaling would be a strong fit for your current growth objectives.

In my previous role at [Previous Company], I focused on optimizing the full AARRR funnel. I am particularly proud of a recent campaign where I [Action taken, e.g., implemented a viral referral loop] which resulted in a [Percentage]% increase in [Metric, e.g., user acquisition] over [Timeframe].

My core competencies include:

- **Data Analytics:** Identifying high-impact leverage points within [Software/Tool] datasets.
- **Agile Testing:** Running high-velocity North Star metric experiments with minimal CAC.
- **Retention Strategies:** Reducing churn through automated behavioral triggers and personalized onboarding.

I have long admired [Company Name]'s approach to [Industry/Product Niche], and I am confident that my "test-and-learn" mindset can help accelerate your trajectory toward [Specific Company Goal].

Thank you for your time and for considering [Referral Name]'s recommendation. I look forward to the possibility of discussing how I can contribute to your growth engine.

Best regards,

[Your Name]
