Re: Infrastructure Architect Consultant - Referral by [Referrer Name]

Dear [Mr./Ms./Mx. Last Name],

I am writing to express my interest in the Infrastructure Architect Consultant position at [Company Name]. I was recently speaking with [Referrer Name], [Referrer's Title/Relationship], who suggested I reach out to you regarding this role given my background in designing resilient, scalable cloud and hybrid frameworks.

With [Number] years of experience in enterprise infrastructure design, I specialize in [Key Skill, e.g., AWS/Azure Migration, SD-WAN, or Kubernetes Orchestration]. My recent work as a consultant for [Previous Client/Project] involved [Brief achievement, e.g., reducing infrastructure overhead by 30% while improving system uptime to 99.99%]. I understand that [Company Name] is currently focusing on [Specific Company Goal, e.g., modernizing legacy data centers], and I am confident that my technical expertise in [Specific Tech Stack] aligns perfectly with your strategic objectives.

My approach as a consultant is centered on balancing high-level architectural integrity with practical, cost-effective implementation. I have a proven track record of leading cross-functional teams through complex digital transformations and ensuring that security protocols are integrated into the core of the infrastructure design.

I have attached my resume and a summary of my recent project portfolio for your review. I would appreciate the opportunity to discuss how my architectural experience can support the continued growth of [Company Name]'s technology ecosystem.

Thank you for your time and consideration.

Sincerely,

[Your Signature]
