[Hiring Manager Name]  
[Title/Department]  
[Aerospace Company Name]  
[Company Address]

Dear [Hiring Manager Name],

I am writing to express my interest in the [Job Title] position at [Company Name]. I was encouraged to apply for this role by [Referral Name], who currently serves as [Referral's Job Title] within your [Department Name] team. Having worked with [Referral Name] previously at [Past Company/University], they suggested that my technical background in [Specific Aerospace Field, e.g., Propulsion/Structures/Avionics] would align well with your current project goals.

With a degree in Mechanical Engineering and [Number] years of experience in the aerospace sector, I have developed a strong proficiency in [List Key Skills, e.g., CAD/FEA/CFD analysis, GD&T, or rapid prototyping]. In my previous role at [Previous Company], I led the design and testing of [Specific Component/System], which resulted in a [Percentage/Metric] improvement in [Performance/Efficiency].

I have long admired [Company Name]'s contributions to [Specific Mission or Technology, e.g., orbital launch systems or sustainable aviation]. My experience navigating [Specific Regulatory Standard, e.g., FAA/EASA or AS9100] requirements ensures that I can contribute to your engineering cycles with precision and compliance from day one.

I look forward to the possibility of discussing how my mechanical design expertise and problem-solving skills can support the [Department Name] team. Thank you for your time and consideration.

Sincerely,

[Your Name]
