**Re: [Job Title / Reference Number]**

Dear [Hiring Manager Name],

I am writing to express my strong interest in the [Position Title] role at [Organization Name]. As a Registered Nurse with [Number] years of clinical experience in [Specialty Area], I am seeking to transition my expertise into Health Informatics Consulting. My background combines frontline patient care with a deep understanding of electronic health records (EHR) and clinical workflow optimization.

During my tenure at [Current/Former Hospital Name], I consistently acted as a bridge between clinical staff and IT departments. Notably, I [describe a specific achievement, e.g., led a pilot for a new EHR module or optimized a digital documentation process], which resulted in [quantifiable outcome, e.g., a 15% reduction in charting time]. This experience has equipped me with the unique ability to translate complex clinical requirements into functional technical specifications.

My clinical foundation provides me with an intuitive understanding of the challenges healthcare providers face when adopting new technologies. I am proficient in [mention specific systems like Epic, Cerner, or Meditech] and have developed strong skills in [data analysis/change management/system implementation]. I am confident that my clinical insight, coupled with my passion for data-driven healthcare improvement, will allow me to deliver immediate value as a consultant for your clients.

I am eager to discuss how my clinical perspective and technical aptitude can support the digital transformation goals of [Organization Name]. Thank you for your time and consideration.

Sincerely,

[Your Signature]
