Dear [Hiring Manager Name],

Regarding the [Job Title] position at [Company Name], I am writing to express my strong interest in transitioning from my successful career as an independent developer into a dedicated full-time role within your engineering team.

For the past [Number] years, I have operated as an independent developer, managing the full software development life cycle for a diverse range of clients. This experience has required me to be a disciplined self-starter and a versatile problem solver. I have successfully delivered [Project Type or Technology] solutions, including [Specific Achievement or Product], which honed my ability to translate complex business requirements into scalable, production-ready code.

While I have enjoyed the autonomy of independent work, I am now seeking to apply my technical breadth and architectural experience to a collaborative enterprise environment. I am particularly drawn to [Company Name] because of [Specific Reason, e.g., your commitment to sustainable CI/CD practices / the technical challenges of your data infrastructure]. I am eager to pivot my focus from managing multiple client streams to contributing deeply to the long-term roadmap of a singular, high-impact product.

My background in [Key Skill 1], [Key Skill 2], and [Key Skill 3] aligns directly with the requirements for this role. I am confident that my experience in delivering end-to-end solutions independently will allow me to integrate quickly into your team and provide immediate value to [Department Name].

Thank you for your time and consideration. I look forward to the possibility of discussing how my technical background and professional maturity can support the goals of [Company Name].

Sincerely,

**[Your Name]**
