[Hiring Manager Name]

[Company Name]

[Company Address]

Dear [Hiring Manager Name or "Hiring Team"],

I am writing to express my strong interest in the **Industrial Athlete Specialist / Injury Prevention Specialist** position at [Company Name]. As a licensed Physical Therapist with [Number] years of clinical experience, I am eager to transition my expertise in human mechanics and musculoskeletal health from the clinic to the industrial setting to optimize worker performance and safety.

Throughout my clinical career, I have specialized in treating work-related injuries and implementing functional capacity evaluations. My background has provided me with a deep understanding of:

- **Ergonomic Assessment:** Identifying high-risk movements and recommending modifications to prevent repetitive strain.
- **Biomechanical Coaching:** Teaching "industrial athletes" proper lifting techniques and body mechanics to reduce workplace fatigue.
- **Early Intervention:** Utilizing triage skills to address minor discomforts before they escalate into recordable OSHA incidents.
- **Data-Driven Outcomes:** Tracking recovery metrics and return-to-work timelines to minimize lost time.

I am particularly drawn to [Company Name] because of your commitment to [mention a specific company value or safety initiative]. I am confident that my clinical foundation, combined with my passion for preventative wellness, will allow me to significantly reduce workers' compensation costs and enhance the overall health of your workforce.

Thank you for your time and consideration. I look forward to discussing how my therapeutic background can support the safety goals of [Company Name].

Sincerely,

[Your Name], PT, DPT
