**RE: [Job Title / Reference Number]**

Dear [Hiring Manager Name],

I am writing to express my interest in the Structural Engineer position for industrial facilities at [Company Name]. With a strong background in the analysis, design, and retrofitting of heavy industrial structures, I am confident in my ability to contribute to your engineering team's success.

During my tenure at [Current/Previous Company], I specialized in the structural integrity of [Specific Facility Types, e.g., Power Plants, Refineries, or Warehouses]. My expertise includes designing steel frames, reinforced concrete foundations for vibrating machinery, and pipe rack systems. I am proficient in utilizing industry-standard software such as [Software, e.g., SAP2000, STAAD.Pro, or Revit] to ensure compliance with [Specific Codes, e.g., AISC, ACI, or ASCE] standards while prioritizing safety and operational efficiency.

I am particularly drawn to [Company Name] because of your reputation for [Specific Project or Company Value]. I am eager to apply my technical skills in seismic analysis and load-bearing optimization to help deliver robust structural solutions for your upcoming industrial projects.

Thank you for your time and consideration. I look forward to the possibility of discussing how my technical experience in industrial structural engineering aligns with the needs of your firm.

Sincerely,

**[Your Name]**
