SUBJECT: LETTER OF MOTIVATION FOR ERASMUS+ GRANT - [HOST UNIVERSITY NAME]

Dear Members of the Selection Committee,

I am writing to formally express my interest in applying for the Erasmus+ grant to study [Subject/Major] at [Name of Host University] in [City, Country] during the [Autumn/Spring] semester of the [Year] academic year.

Currently, I am a [Year] year student at [Home University] pursuing a degree in [Degree Title]. My academic focus has been on [Specific Field], and I have maintained a strong record in courses such as [Course 1] and [Course 2]. I believe that participating in the Erasmus program is the next logical step in my academic development.

I have chosen [Host University] specifically because of its renowned faculty in [Specialization] and the unique curriculum offered, particularly the courses [Course Name A] and [Course Name B]. These modules align perfectly with my thesis goals/career aspirations of becoming a [Job Title]. Furthermore, the opportunity to experience the [Country Name] educational system will provide me with a broader perspective on my field of study.

Beyond academics, I am eager to immerse myself in the culture of [Host City]. As an Erasmus student, I aim to develop my intercultural communication skills and improve my proficiency in [Language]. I am confident that my adaptability and proactive nature make me an excellent candidate to represent [Home University] abroad.

The financial support provided by the Erasmus+ grant would be instrumental in allowing me to focus entirely on my studies and cultural integration. I am committed to fulfilling all the requirements of the program and sharing my experiences with fellow students upon my return.

Thank you for considering my application. I look forward to the possibility of discussing my motivation further.

Sincerely,

[Signature]
