Dear [Hiring Manager Name],

Re: Application for **Entry Level Cybersecurity Analyst**

I am writing to express my interest in the Cybersecurity Analyst position at [Company Name]. As a recent graduate/professional transitioning into information security with a focus on [Specific Area, e.g., SOC Operations or Threat Intelligence], I have developed a foundational technical stack including [List 2-3 Core Tools, e.g., Wireshark, Splunk, or Nmap].

During my [Degree/Certification/Bootcamp], I completed a capstone project involving [Brief Description of Technical Project]. This required me to:

- Analyze network traffic logs to identify [Specific Threat Type].
- Configure [Firewall/IDS/IPS] rules to mitigate simulated vulnerabilities.
- Utilize [Python/Bash] scripting to automate [Specific Security Task].

I hold the [Certification Name, e.g., CompTIA Security+ or GSEC] and have experience working within the [NIST/ISO 27001] framework. I am particularly drawn to [Company Name] because of your recent work in [Specific Company Achievement or Industry Focus].

Thank you for your time and for considering my application. I have attached my resume and look forward to the possibility of discussing how my technical background can support your security team.

Sincerely,

[Full Name]
