**Subject: Application for Erasmus+ Grant - Academic Year [Year/Year]**

Dear Members of the Selection Committee,

I am writing to formally express my interest in applying for the Erasmus+ mobility grant to study at *[Host University Name]* in *[City, Country]* during the *[Autumn/Spring]* semester of the *[Year]* academic year. I am currently enrolled in the *[Year]* year of the *[Degree Name]* program at *[Home University Name]*.

My primary motivation for choosing *[Host University Name]* is *[specific academic reason, e.g., excellence in a specific research area or unique course modules]*. Having reviewed the curriculum, I am confident that courses such as *[Course Title 1]* and *[Course Title 2]* will complement my current studies and provide a specialized perspective that is not available at my home institution.

Beyond the academic benefits, I am eager to immerse myself in the culture of *[Country]*. I believe that the Erasmus program offers a unique opportunity to develop intercultural competencies, improve my *[Language Name]* language skills, and build a professional network within the European higher education area. I am prepared to act as an ambassador for *[Home University Name]* and contribute positively to the host campus community.

Thank you for considering my application. I am confident that this exchange will be a transformative step in my academic and personal development, and I look forward to the possibility of representing my university abroad.

Yours faithfully,

---
