[Hiring Manager Name]

[Company Name]

[Company Address]

Dear [Hiring Manager Name or Hiring Committee],

I am writing to express my interest in the [Job Title] position at [Company Name], as advertised on [Where you saw the job post]. As a recent Computer Science graduate from [University Name] with a strong foundation in [Primary Programming Language] and [Secondary Language/Technology], I am eager to contribute to your engineering team's success.

During my academic career, I focused on [Specialization, e.g., Full-stack Development or Distributed Systems]. For my senior capstone project, I developed [Project Name], which involved [Briefly describe the tech stack and the problem it solved]. This experience allowed me to hone my skills in [Skill 1], [Skill 2], and [Skill 3], while following Agile methodologies and version control best practices.

In addition to my technical coursework, my internship at [Company Name, if applicable] provided hands-on experience in [Specific Task, e.g., optimizing API endpoints or refactoring legacy code]. I am particularly drawn to [Company Name] because of your commitment to [Specific Company Value or Recent Technical Achievement]. I am confident that my problem-solving mindset and technical proficiency align with the requirements of your software engineering department.

Thank you for your time and consideration. I have attached my resume for your review and look forward to the possibility of discussing how my background can benefit [Company Name].

Sincerely,

[Your Name]
