[Title]

[Company Name]

[Company Address]

Dear [Hiring Manager Name],

I am writing to express my enthusiastic interest in the **Entry Level Software Engineer** position at **[Company Name]**, as advertised on [Platform Name/Source]. As a recent graduate with a [Degree Name, e.g., B.S. in Computer Science] from [University Name], I have spent my academic career building a strong foundation in [List 2-3 Core Languages, e.g., Java, Python, and C++]. I have long admired [Company Name] for its [mention a specific company product, value, or recent news], and I am eager to contribute to your engineering team.

During my studies, I focused heavily on [Specific Area of Interest, e.g., Full-Stack Development or Algorithm Design]. For my senior capstone project, I led a team of four to develop [Project Name], a [briefly describe project function]. This experience allowed me to apply theoretical knowledge to a practical environment, where I utilized [Specific Tech Stack] and followed [Agile/Scrum] methodologies. I am particularly proud of how I resolved [specific technical challenge], which resulted in [measurable outcome or successful feature].

Beyond my coursework, I am a self-driven learner. I have completed several independent projects, available on my GitHub, including a [Project Type] that utilizes [Technology]. These projects have sharpened my debugging skills and my ability to quickly pick up new frameworks. Although I am at the start of my professional journey, my academic rigor, technical curiosity, and dedication to writing clean, maintainable code make me a strong candidate for this role.

I am eager to bring my passion for software development to **[Company Name]** and would welcome the opportunity to discuss how my skills align with the needs of your team. Thank you for your time and consideration.

Sincerely,

[Your Full Name]
