Dear [Hiring Manager Name],

I am writing to express my interest in the Junior Node.js Developer position at [Company Name], as advertised on [Platform Name]. As a developer with a strong foundation in JavaScript and backend architecture, I am eager to contribute to your engineering team and further develop my skills within your production environment.

During my [Time Period, e.g., Internship/Bootcamp/Personal Projects], I focused on building scalable server-side applications. I have gained proficiency in the Node.js ecosystem, including working with Express.js, asynchronous programming, and integrating [Type of Databases, e.g., MongoDB/PostgreSQL]. My technical toolkit also includes [List 2-3 additional tools, e.g., RESTful APIs, JWT authentication, or Git].

A key project I recently completed involved [Brief Description of a Project], where I successfully [Mention a specific accomplishment or problem solved]. This experience refined my ability to write clean, maintainable code and collaborate effectively within a development lifecycle.

I am particularly drawn to [Company Name] because of [Specific reason about company tech stack or mission]. I am a quick learner, a proactive problem-solver, and I am ready to bring my enthusiasm for backend development to your team.

Thank you for your time and consideration. I look forward to the possibility of discussing how my background aligns with the needs of [Company Name].

Sincerely,

[Your Name]
