Dear [Hiring Manager Name or "Hiring Team"],

I am writing to express my enthusiastic interest in the **Junior Web Designer and Developer** position at [Company Name]. As a creative problem-solver with a foundation in both aesthetic design principles and modern front-end development, I am eager to contribute to your team's digital projects.

During my [Degree/Bootcamp/Internship] at [Institution Name], I developed a versatile skill set including HTML5, CSS3 (Sass), JavaScript, and [Framework, e.g., React or Vue]. On the design side, I am proficient in [Software, e.g., Figma or Adobe XD], focusing on creating user-centric interfaces that are both visually compelling and highly functional.

In my recent project, [Project Name], I was responsible for [brief description of a key achievement, e.g., improving page load speed by 20% or designing a responsive layout from scratch]. This experience taught me how to bridge the gap between design concepts and technical implementation while maintaining cross-browser compatibility and accessibility standards.

I am particularly drawn to [Company Name] because of your commitment to [mention a specific project, company value, or industry reputation]. I am confident that my technical aptitude and eye for detail make me a strong candidate to support your development goals.

Thank you for your time and consideration. I look forward to the possibility of discussing how my skills can benefit your upcoming projects.

Sincerely,

[Your Name]
