To the [Company Name] Design Team,

I am writing to express my interest in the Junior UX Designer position at [Company Name]. As a designer who thrives in fast-paced environments, I have long admired how [Company Name] approaches [Specific Problem/Product Feature]. I am eager to bring my background in [Previous Industry or Skill] and my passion for user-centric problem solving to your growing team.

During my recent work on [Project Name/Capstone], I tackled a challenge similar to what you are facing with [Current Company Challenge]. I utilized [Tool/Methodology, e.g., Figma prototyping or User Research] to identify friction points that led to a [Metric or Outcome] improvement. I understand that in a startup, roles are fluid; I am comfortable moving between wireframing, high-fidelity UI, and assisting with user testing to ensure the product iterates quickly.

What excites me most about [Company Name] is your commitment to [Company Mission/Value]. I am ready to contribute to your design system and collaborate closely with your engineering and product teams to turn complex requirements into intuitive experiences.

Thank you for your time and for considering my application. I look forward to the possibility of discussing how my design approach aligns with the vision for [Company Name].

Best regards,
