Dear [Hiring Manager Name],

Re: Application for Junior Air Quality Consultant position ([Job Reference Number])

I am writing to express my enthusiastic interest in the Junior Air Quality Consultant position at [Company Name]. Having recently completed my [Degree Title] in [Field of Study, e.g., Environmental Science or Engineering] at [University Name], I am eager to apply my technical knowledge of atmospheric dispersion and emission monitoring within your esteemed consultancy.

During my academic career, I developed a strong foundation in [Specific Skill, e.g., AERMOD/ADMS modeling, GIS, or stack testing]. My thesis focused on [Brief mention of relevant research], which allowed me to hone my data analysis skills and my ability to interpret complex environmental regulations. I am particularly drawn to [Company Name] because of your recent work on [Specific Company Project or Value], and I am confident that my attention to detail and commitment to environmental compliance will make me a valuable asset to your technical team.

In addition to my technical background, I possess strong communication skills essential for drafting technical reports and liaising with stakeholders. I am proficient in [Software/Tools, e.g., Python, R, or AutoCAD] and am eager to undergo further professional development to support your air quality impact assessments and mitigation strategies.

Thank you for your time and for considering my application. I look forward to the possibility of discussing how my skills and passion for air quality management align with the goals of [Company Name].

Sincerely,

[Your Name]
