Dear [Hiring Manager Name],

I am writing to express my strong interest in the **[Job Title]** position at **[Company Name]**, as advertised on [Where you saw the posting]. Having recently graduated from an intensive Cybersecurity Bootcamp at **[Bootcamp Name]**, I have developed a robust foundation in threat detection, network security, and incident response, which I am eager to apply to your security team.

During my 400+ hours of technical training, I gained hands-on experience with industry-standard tools including [Tool 1, e.g., Wireshark], [Tool 2, e.g., Splunk], and [Tool 3, e.g., Metasploit]. My capstone project involved [Briefly describe a major project or simulation], where I successfully [mention a specific achievement or problem solved]. This experience solidified my ability to analyze vulnerabilities and implement defensive strategies in high-pressure environments.

Beyond my technical skills, my background in [Previous Industry/Field] has equipped me with strong analytical thinking and communication skills. I am a lifelong learner who recently earned my [mention certification, e.g., CompTIA Security+] and I am committed to staying ahead of the evolving threat landscape. I am particularly drawn to **[Company Name]** because of your recent work in [mention a specific company project or value].

I have enclosed my resume, which provides further detail on my technical competencies and project work. I look forward to the possibility of discussing how my dedication and technical training can contribute to the security objectives of **[Company Name]**.

Thank you for your time and consideration.

Sincerely,

[Your Signature]
