[Pharmaceutical Company Name]
[Company Address]

Dear [Hiring Manager Name/Search Committee],

I am writing to express my enthusiastic interest in the **[Job Title]** position at **[Company Name]**, as advertised on **[Platform/Referral]**. With a background in **[Your Degree, e.g., Computational Biology/Statistics]** and specialized experience in applying machine learning to **[Specific Domain, e.g., Pharmacokinetics/Genomics]**, I am eager to contribute to your research initiatives.

In my previous role at **[Previous Institution/Company]**, I focused on **[Specific Project or Research Area]**. I successfully developed **[Specific Models/Algorithms]** that resulted in **[Quantifiable Outcome, e.g., 20% reduction in lead optimization time]**. My technical proficiency in **[Key Skills, e.g., Python, R, SQL, Bioinformatic Pipelines]** allows me to bridge the gap between complex biological data and actionable clinical insights.

I am particularly drawn to **[Company Name]**'s recent work regarding **[Specific Research Paper, Drug Candidate, or Methodology]**. My expertise in **[Relevant Technique, e.g., Bayesian Modeling or Deep Learning]** aligns with your department's goal of **[Specific Goal, e.g., accelerating drug discovery or optimizing clinical trial design]**. I am confident that my analytical rigor and passion for therapeutic innovation will be an asset to your data science team.

Thank you for your time and consideration. I look forward to the possibility of discussing how my research background can support the data-driven mission of **[Company Name]**.

Sincerely,

[Your Signature]
