[Company Name]

[Company Address]

Dear [Hiring Manager Name/Search Committee],

I am writing to express my interest in the Chief Technology Officer position at [Company Name]. As a data-driven technology leader with [Number] years of experience scaling engineering organizations, I specialize in aligning technical architecture with measurable business outcomes and KPIs.

Throughout my career, I have prioritized evidence-based decision-making to drive technical strategy. At [Current/Previous Company], I implemented a data-centric approach that resulted in:

**Operational Efficiency:** Reduced [Metric, e.g., AWS spend/Infrastructure costs] by [X%] through [Specific Technical Initiative].

**Product Velocity:** Improved sprint velocity by [X%] and reduced Mean Time to Recovery (MTTR) by [X%] by overhauling [Specific System/Process].

**Revenue Growth:** Architected a [Specific Platform/Feature] that supported a user base increase of [X%] and directly contributed to \$[Amount] in ARR.

My leadership philosophy centers on "Engineering Intelligence"-using DORA metrics and performance analytics to remove bottlenecks and empower developers. At [Company Name], I am eager to apply this methodology to solve your current challenges in [Mention specific challenge, e.g., legacy migration, scaling for Series C, or AI integration].

I look forward to discussing how my background in data-backed technology leadership can help [Company Name] achieve its technical milestones for [Year]. Thank you for your time and consideration.

Sincerely,

[Your Name]
