Dear [Hiring Manager Name or "Hiring Committee"],

I am writing to express my enthusiastic interest in the **Application Security Analyst** position at [Company Name], as advertised on [Platform/Company Website]. With a strong foundation in [List 2-3 Core Skills, e.g., DAST/SAST tools, penetration testing, and secure SDLC], I am confident in my ability to strengthen [Company Name]'s security posture and protect your software assets.

In my current/previous role at [Current/Previous Company], I was responsible for identifying vulnerabilities across the application landscape. My key achievements include:

- [Achievement 1: e.g., Reducing critical vulnerabilities by X% through automated scanning implementation].
- [Achievement 2: e.g., Integrating security checkpoints into the CI/CD pipeline].
- [Achievement 3: e.g., Facilitating developer training sessions on OWASP Top 10 risks].

I am particularly drawn to [Company Name] because of your commitment to [mention a specific company project, value, or tech stack]. I possess professional certifications including [mention certifications like OSCP, GWAPT, or Security+] and am proficient in using tools such as [mention specific tools like Burp Suite, Checkmarx, or Snyk].

I am eager to bring my technical expertise and proactive approach to your security team. Thank you for your time and consideration. I look forward to the possibility of discussing how my skills align with the needs of [Company Name].

Sincerely,
