Re: Application for [Position Name] - [Job Reference Number]

Dear [Hiring Manager Name],

I am writing to express my strong interest in the [Position Name] role at [Company Name]. As a Certified Ethical Hacker (CEH) with [Number] years of experience in offensive security and vulnerability management, I have dedicated my career to identifying critical systemic weaknesses before malicious actors can exploit them.

In my current role at [Current/Previous Company], I have successfully executed comprehensive penetration tests across [list platforms, e.g., web applications, cloud environments, and internal networks]. One of my key achievements includes [mention a specific technical achievement, such as discovering a zero-day vulnerability or reducing risk scores by a specific percentage]. I am proficient in utilizing tools such as [mention tools, e.g., Metasploit, Burp Suite, Nmap, Wireshark] and have a proven track record of translating complex technical findings into actionable remediation strategies for stakeholders.

My expertise aligns closely with [Company Name]'s commitment to robust cybersecurity. I am particularly drawn to your recent initiatives in [mention a company project or value]. My approach combines a deep understanding of the hacker mindset with a rigorous commitment to ethical standards and compliance frameworks such as [mention frameworks, e.g., NIST, ISO 27001, SOC2].

I am eager to bring my technical proficiency and proactive security mindset to your team. Thank you for your time and for considering my application. I look forward to the possibility of discussing how my skills can support the security posture of [Company Name].

Sincerely,
