Dear [Hiring Manager Name/Recruitment Team],

I am writing to express my interest in the **Penetration Tester** position at [Company Name], as advertised on [Platform]. With a strong foundation in [Network/Web Application/Cloud] security and a proven track record of identifying critical vulnerabilities, I am eager to contribute to your offensive security team.

During my time at [Current/Previous Company or Lab], I specialized in:

- Conducting comprehensive [Internal/External] penetration tests and vulnerability assessments.
- Utilizing tools such as [Burp Suite, Metasploit, Nmap, Wireshark] to simulate real-world attacks.
- Developing custom scripts in [Python/Bash/PowerShell] to automate security audits.
- Documenting findings in detailed technical reports with actionable remediation strategies for stakeholders.

I currently hold certifications including [OSCP, CEH, eJPT, or CISSP], which have equipped me with a deep understanding of the MITRE ATT&CK framework and OWASP Top 10. My approach combines a meticulous "hacker mindset" with a professional commitment to maintaining the integrity and availability of client systems.

I am impressed by [Company Name]'s recent work in [Specific Project or Industry Sector] and am confident that my technical skills in [Specific Skill, e.g., API Security or Red Teaming] would be an asset to your cybersecurity initiatives.

Thank you for your time and consideration. I look forward to the possibility of discussing how my background aligns with the needs of your security team.

Sincerely,
