[Company Address]

Dear [Hiring Manager Name],

Re: Red Team Specialist - [Job Reference Number]

[Introduction: State the specific position you are applying for and provide a high-level summary of your years of experience in offensive security, penetration testing, or adversary simulation.]

[Adversarial Experience: Detail your expertise in simulating sophisticated threats. Mention specific environments such as Cloud, On-Prem, or Hybrid, and your familiarity with the MITRE ATT&CK framework.]

[Technical Proficiencies: Highlight your skills in exploit development, scripting (Python, PowerShell, Bash), evasion techniques, and lateral movement. Mention relevant certifications like OSCP, OSCE, or CRTP.]

[Impact and Communication: Describe your ability to translate complex technical vulnerabilities into actionable risk reports for stakeholders and your experience collaborating with Blue Teams for remediation.]

[Closing: Express your enthusiasm for the company's security posture and your desire to discuss how your offensive mindset can strengthen their defenses in an interview.]

Sincerely,

[Your Signature]
