Dear [Hiring Manager Name],

I am writing to express my interest in the **[Job Title]** position at **[Company Name]**, as advertised on [Platform]. With [Number] years of experience in frontend development and a proven track record of collaborating effectively in distributed teams, I am confident in my ability to contribute to your remote engineering culture.

In my recent role at [Previous Company], I specialized in building responsive, accessible user interfaces using **[Primary Framework, e.g., React/Vue/Next.js]** and **[CSS Tooling, e.g., Tailwind/Sass]**. A key achievement included [Briefly describe a specific project or metric, e.g., improving page load speed by 30% or migrating a legacy codebase].

Working remotely requires strong self-discipline and proactive communication. I am highly proficient with asynchronous workflows and tools such as [Git/GitHub, Jira, Slack, and Figma]. I thrive in environments where clean code, thorough documentation, and pixel-perfect implementation are prioritized.

I have long admired [Company Name]'s commitment to [mention a specific company value or product feature], and I am eager to bring my technical skills to your team. Thank you for your time and consideration.

Sincerely,

[Your Name]
