[Company Address]

Dear [Hiring Manager Name],

I am writing to express my interest in the Senior Full Stack Developer position at [Company Name], as advertised on [Platform/Source]. With over [Number] years of experience architecting scalable web applications and leading cross-functional engineering teams, I am confident in my ability to contribute to your technical roadmap and drive excellence across your [Specific Tech Stack, e.g., MERN/Java/Python] environment.

In my current role at [Current/Previous Company], I spearheaded the development of [Specific Project or Product], resulting in a [Percentage]% increase in system performance and a significant reduction in technical debt. My expertise spans the entire development lifecycle—from designing robust RESTful APIs and optimizing database schemas to building responsive, high-performance front-end interfaces. I have a proven track record of mentoring junior developers and implementing CI/CD pipelines that reduced deployment cycles by [Timeframe].

What draws me to [Company Name] is your commitment to [Mention a specific company value or recent project]. I am particularly impressed by your recent work in [Specific Area] and am eager to apply my skills in [Key Skill 1] and [Key Skill 2] to help your team solve complex engineering challenges and deliver seamless user experiences.

I have attached my resume for your review and look forward to the possibility of discussing how my technical background and leadership experience can benefit [Company Name]. Thank you for your time and consideration.

Sincerely,

[Your Full Name]
