Dear [Hiring Manager Name],

I am writing to express my interest in the [Position Name] role at [Company Name]. With a strong foundation in decentralized systems and [Number] years of experience building [Layer 1/Layer 2/DApps], I am eager to contribute to your team's efforts in [Specific Project/Protocol Mentioned in Job Ad].

Throughout my career, I have focused on developing secure, gas-efficient, and scalable blockchain solutions. My technical expertise aligns closely with your current stack, particularly in:

Core Technical Competencies:

- **Languages:** [e.g., Solidity, Rust, Go, TypeScript]
- **Frameworks/Tools:** [e.g., Hardhat, Foundry, Anchor, Substrate]
- **Infrastructure:** [e.g., Node management, Indexing/The Graph, DeFi Integration]
- **Security:** [e.g., Smart contract auditing, Formal verification, Cryptographic primitives]

In my previous role at [Previous Company], I led the development of [Specific Project], which achieved [Specific Metric, e.g., \$X TVL, X daily transactions, or 0 vulnerabilities after audit]. I am particularly passionate about [Topic: e.g., ZK-proofs, MEV resistance, or Governance] and how [Company Name] is implementing these concepts to solve [Specific Problem].

I am impressed by [Company Name]'s recent work on [Project/Feature] and would welcome the opportunity to discuss how my technical background in [Specific Skill] can help your engineering team reach its upcoming milestones.

Thank you for your time and consideration.

Sincerely,

[Your Name]
